The exhibit “Images of Faith, Hope, and Beauty” was inspired by the works of Wadym Dobrolige. Very few Canadians are aware of history that has led to the creation of the beautiful interiors of many Ukrainian churches in Canada: “*Images of Faith*” provides insight into this artistic and spiritual calling. Curator’s tours on Saturday, December 1 at 11:00 am, and 1:00 pm. School & Church tours can be arranged. For registration call (204)942-0218.

“Triytsia” candleholder from UCEC collection
Photo by J. Carey Lauder

In the western regions of Ukraine, for ritual purposes, three-candleholders named “Triytsia” (meaning “Trinity”), were used.

They were mostly made of wood of deciduous trees, mainly of linden. In Hutsulshchyna and Pokuttia, the use of three-candleholders remained the longest. Therefore, it is in these areas that the researchers found the largest amount of wooden Trinity candleholders.

The National Museum in L’viv, named after A. Sheptytsky, contains a collection of three-candleholders. This collection includes more than 380 candleholders, 90 of which are Triytsia.

Let us continue the tradition of lighting the Triytsia on special days as Christmas, Epiphany, Wedding, Christening, for the whole family.
