# Oseredok Collections / БiCTi з колекцій

For eight decades, Oseredok diligently collected and preserved Ukrainian pysankas, all to share with you one day. And now, that day is fast approaching! We are excited to announce that our Centre has initiated the digitization process for the Pysankas, marking the first phase of **The Biggest Ukrainian Easter Eggs Collection Project**. As a result, 4,500 Pysankas will soon be available globally through our Online catalogue and in-person at Oseredok, coinciding with the unveiling of the largest Pysanka permanent exhibition in the world.

We are grateful to our sponsors who generously contributed to the Biggest Ukrainian Easter Eggs Collection Project:

Province of Manitoba/ Arts, Culture and Sport in Community Fund

Manitoba Arts Council

The Winnipeg Foundation

The Ukrainian Catholic Foundation

# Oseredok Collections / Бібліотека з колекцій

Oseredok works hard to make our collections accessible to everyone. We have recently completed the second part of our **Library Cataloging Project**, focused on processing our Ukrainian Canadian Diaspora Collection.

According to our estimates, this collection has over 10,000 books. With this project, we have cataloged 1,500 books and almanacs so far! Through our Online Catalog, you can browse over 2,800 books.

This Summer, we started work on the **Fine Art Cataloging and Digitization Project Part 2**. During the project, our Museum Intern digitized and cataloged over 350 artworks so far and helped us organize our primary art storage space.

All cataloged and digitized artworks are available to explore through our Online Catalog, which currently has over 680 items.

The **Museum Cataloging Project Part 3**, which started recently, aims to complete the digitization and cataloging of Oseredok's textile collection, including our oversized artifacts such as kylmy, embroidered tablecloths, banners, etc.

So far, we have processed over 370 artifacts, including embroidered blouses and shirts, skirts, dresses, pillowcases, sashes, vests, and neckties, to name a few.

# Oseredok exhibitions / Бисті з бустабок

**Oseredok Ukrainian Cultural and Educational Centre**  
is thrilled to announce the upcoming opening of  
“**Mimicry and Adaptation: Tracking the Influence of  
Traditional Ukrainian Clothing on Western Fashion**”

This exhibition, guest curated by collector Natalka Chomiak, is an exclusive look at a wide array of never-before-seen items from the Oseredok Museum collection, the Manitoba Crafts Museum, the Costume Museum of Canada, and from private textile and garment collections across Canada. The exhibition promises to be a captivating and culturally enriching experience, and we are delighted to have you join us in our galleries from **November 14th, 2023-March 15th, 2024**.

Our exhibition aims to celebrate the rich and diverse history of Ukrainian fashion, showcasing the evolution of style, craftsmanship, and creativity that has marked this country's contribution to the global fashion landscape. “Mimicry and Adaptation” will take you on a visual journey through the centuries, from traditional Ukrainian garments and embroidery to contemporary Western haute couture and ready-to-wear collections.

We want to thank the Ukrainian Credit Union, the Manitoba Provincial Sports, Culture, and Heritage Department, the Shevchenko Foundation, and the Winnipeg Arts Council for supporting our organization. Their donations helped make this event possible.

We would also like to thank the Manitoba Crafts Museum, the Costume Museum of Canada, and the Ukrainian Canadian Congress for contributing to this exhibition. Thank you to all of our exhibition partners!
