Another significant achievement: we have digitized and catalogued our entire collection of paintings, drawings, silk prints, woodcuts, and linocuts! Now, over eight hundred artworks are ready to be discovered through our Online Catalogue. In the near future, we plan to digitize our sculpture collection, including works of artists such as Leo Mol!

PROJECT

2022-2023

Осередок радо оголошує про завершення одного зі своїх ключових завдань – проекту оцифрування колекції матеріалів Олександра Кошиця. Тепер ці цінні ресурси доступні через наш Онлайн Каталог. Це значна подія для нашого центру та усіх поціновувачів української музичної спадщини.

The O. Koshetz fonds contain unique musical and ethnographical material with over nine linear meters of textual materials and photographs. This project has been made possible by the Government of Canada.

The Museum Cataloguing Project Part 3 is almost complete! We digitized and catalogued our textile collection, including oversized artifacts such as kylymy, banners, flags, tapestries, etc. Currently, over 18 hundred museum artifacts are available to explore through our Online Catalogue, including embroidered blouses and shirts, skirts, dresses, sashes, vests, neckties, ceramics, woodcarvings, jewelry, furniture, and pioneer tools.

ВІСТІ З ВИСТАВОК OSEREDOK EXIBITIONS

Остання можливість відвідати виставку Осередку **"Мімікрія та Адаптація: Вплив Традиційного Українського Одягу на Західну Моду"** спливає 15 березня 2024 року. Експозиція включає в себе одяг, текстиль та аксесуари з колекцій Осередку, Музею Костюмів Канади, Музею Ремесел Манітоби, а також різних приватних колекцій, багато з яких вперше демонструються на виставці. Запрошуємо усіх охочих відкрити для себе історію українського дизайну, починаючи від традиційних вишиванок і закінчуючи творіннями Валентино!

Looking for a hint of what's on next in our galleries? Save the date for a brand-new exhibition on the ancient Ukrainian art of the *motanka*, a protective talisman and guardian doll. This exhibition features the works of Saskatchewan mixed-media artist Bonnie Conly and Guelph's cutwork paper artist Taras Lachowsky. Visit Oseredok in person to see these spectacular interpretations of the *motanka* from March 25th, 2024, or visit our website for more information.
