Founded in 1944, The Ukrainian Cultural and Educational Centre – Oseredok – is a museum and archival heritage institution celebrating the remarkable achievements and legacy of the Ukrainian Canadian community in Canada. It serves as the community's collective memory by collecting, caring for, documenting, and interpreting collections of ethnology, folk art, fine art, and archives related to community history.

Implementing the admission fees will help us cover the costs associated with maintaining and improving the museum and gallery spaces, as well as supporting educational programs and community events. This will ultimately contribute to the preservation and celebration of the Ukrainian Canadian community's heritage for future generations.

Thank you for your understanding!
